Re: Unilateral Administrative Order Pursuant to Section 311 of the Clean Water Act
Docket No. CWA-5-2000-008
Egan Marine Corporation and Service Welding and Shipbuilding in Lemont, IL

Dear Messrs. Egan and Egan, and Ms. Chanda:

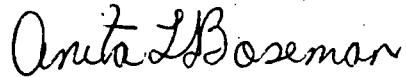

The United States Environmental Protection ("U.S. EPA") has received your letter dated January 17, 2003 requesting an extension to submit the final report that is necessary in order to comply with the terms of the Unilateral Administrative Order ("Order"), Section V., Paragraph 3.5 of the above-referenced for the Egan Marine Corporation and Service Welding and Shipbuilding in Lemont, IL (Site).

U.S. EPA is granting you a final 30 day extension to submit the final report. The final report is now due 30 days from the date of this telefax, March 17, 2003. Please refer to page 8, Section 3.5 of the Order for the particulars of the final report. (This page is attached to the telefax and a copy of the entire Order is enclosed with the mailed letter).

Please be advised that at this time, the U.S. EPA is not seeking penalties regarding the Order, but reserves the right to do so in the future. Also, depending on the efficacy of current and future Site activities, including but not limited to the practice of storing wastes in containers on site, additional cleanup actions in areas not covered by the Order may be necessary.

If you have any questions, please do not hesitate to contact me at (312) 886-6941.

Sincerely,

A handwritten signature in cursive script that reads "Anita L. Boseman". The signature is written in dark ink and is positioned above the printed name and title.

Anita L. Boseman
